

# Defeat Bush *- and -* Support Your Third-Party Candidate

VOTEPAIR.ORG HELPS YOU DO BOTH!

Votepair.org is a nationwide grassroots coalition of progressives. We help build alliances between swing and safe state voters because we believe that:

- Progressives share a common interest in defeating George W. Bush
- Strong third parties are critical to the nation's future
- Strategic voting makes election results a more accurate reflection of voter preference

Votepair.org helps voters' support for progressive third parties be recorded in the popular vote and their preference for Kerry over Bush find voice in the Electoral College. Find out more at [votepair.org](http://votepair.org).
